Heidelberg

HEIDELBERG
UNIVERSITY
HOSPITAL

“The living cell almost always contains, locked in its interior, the visible or invisible products of its physiological activity or its nourishment.”

Albrecht Kossel

(1910 Nobel Prize winner for
medicine from Heidelberg)

Heidelberg

Not only has the famous Heidelberg Castle cast its spell on guests from around the globe: the entire city is nestled in an enchanting environment and is clearly in the pulse of its time. With a historical Old Town that has so much to offer: an abundance of small alleys, each of which tells its own story, and a location that Goethe called “ideal”, Heidelberg has its place in the hearts of innumerable visitors.

However, Heidelberg, at the same time, is a modern city of science and is deemed a lighthouse of Life Sciences: the University, the European Molecular Biology Laboratory, the German Cancer Research Center and the Heidelberg Max-Planck-Institutes are some of the leading research institutes in the world, making Heidelberg an international renowned science location.

The cultural wealth of Heidelberg is just as colorful and diverse as its visitors from around the world offering dance, theater, music, and many events in a diverse cultural landscape that leaves hardly anything to be desired. This, not least, also applies to gastronomy and hotels: From vibrant student pubs to elegant gourmet restaurants, from trendy hotels to five-star accommodation excellence. It is not surprising that barely anyone who has ever been here will keep Heidelberg close to his or her heart.

**Dear Guests,
Dear Family Members,**

Young, versatile, open-minded, and international – all of these are attributes that fully describe Heidelberg and its 160,000 citizens. First, however, Heidelberg also is a city of international renown thanks to its excellent standing in science and research. Germany's oldest university, the Ruperto Carola is a beacon of knowledge and education. It received the status of "University of Excellence" in 2007. The notable institutes, with subjects spanning humanities, social, and legal sciences, as well as natural and life sciences, including medicine, are where today's and tomorrow's leaders are teaching and studying. Heidelberg University Hospital promises focused expertise as well. It enjoys global recognition for its outstanding research, teaching, and medical care. It is hardly surprising that researchers and patients alike, find it one of the most important points of contact in terms of health.

About 13,800 employees from 130 nations are currently working in over 100 different professions at the Heidelberg University Hospital. On a daily basis, they work together to help severely ill patients from around the world, who profit not only from a comprehensive range of cutting-edge, successful treatments, but also from ever-new ideas and impulses in patient care, research, and teaching.

Top facilities, such as the National Centrum for Tumor Diseases (NCT), the German Cancer Research Center (Deutsches Krebsforschungszentrum, DKFZ), the Zentrum für Molekulare Biologie Heidelberg (ZMBH), four Max-Planck Institutes, the European Molecular Biology Laboratory (EMBL), or the Center for Integrative Infectious Disease Research (CIID) make Heidelberg a globally leading site for international research at the highest level. These and other institutes research new and improved treatment methods all year round to preserve or restore your health to the best degree.

Nonetheless, not only is medical care outstanding internationally in Heidelberg, but our beautiful city in itself will contribute to your recovery on top. With 70 % of forest and green spaces, a moderate climate, and an urban flair, Heidelberg offers one of the highest lifestyle values in Germany. Embedded in the Heidelberg city forest, certified as a "recreational forest", the world-renowned Heidelberg Schloss (Castle), the Philosophenweg (Philosopher's Walk), the historical Altstadt (Old Town), the Bahnstadt as the latest and most innovative addition to the city's quarters, and many culinary offers are waiting to be explored. These are just a few examples of what makes Heidelberg so attractive. Millions of visitors flock to our beautiful city every year, strolling on one of the longest pedestrian zones in Europe. At a length of 1.6 kilometers, the Hauptstraße (Main Street) with its enchanting small side alleys will invite you to a unique selection of local and international products alike that will leave hardly any shopping wish unfulfilled.

This brochure will give you an overview of the medical services of the Heidelberg University Hospital, while at the same time presenting a selection of hotels that specialize in hosting patients' accompanying families. On top, we are delighted to give you some inspiration to help you make your time in Heidelberg interesting and diverse based on your own preferences. The Heidelberg Marketing GmbH service team will gladly assist you in planning your individual stay. Feel free to contact us directly and tell us about your personal travel requirements.

Welcome to our beautiful city!

Yours,

Mathias Schiemer

Experiences

Zoo Heidelberg

Find the red panda hidden in the branches or watch our elephant males taking a dip – there is a lot to see in our zoo: Majestic lions, elegant tigers or our “cuddly” brown bears, comical meerkats, ancient giant tortoises (a century of lifetime experiences in every shell!), our gorilla family or the cool chimpanzee gang – just a sample of our wide variety of fascinating animals.

Botanical Garden Heidelberg

The Botanical Gardens of the University of Heidelberg, one of the oldest in Germany, was originally established in 1593 as a “Hortus Medicus” for the cultivation of medicinal herbs. Nowadays, this institution is important for its contribution to botanical studies. The greenhouses contain unique plant collections (e.g. Old and New World succulents and orchids). Walking along the outdoor sections, visitors can enjoy the fascinating vegetation of the raised bog, heath bog, alpine garden, and weedy vineyard, as well as a “systematic section”.

Shopping

Heidelberg’s famous shopping area takes you through the middle of the Old Town: Over one kilometer in length, the main street is one of the longest pedestrian malls in Europe and full of temptations at every turn – from individual owner-operator shops and department stores with a wide product range to branch stores in international labels. Also, in the little side streets peeling off the pedestrian mall and in the suburbs of Heidelberg there are surprises waiting at every corner: here you will find antiquarian bookshops, galleries, young boutiques and quaint little shops.

Guided Tours

Old Town Tour

Winding alleys and historic squares, fascinating museums and galleries: Heidelberg's Old Town offers a wide range of things to do and see. A guided tour around the Old Town brings the past to life. Whether the Heiliggeistkirche (Church of the Holy Spirit), the Jewish Quarter, Germany's oldest university with the Studentenkarzer (student's prison), or any of the many sights, every corner of the Old Town has an interesting story to tell. The route also takes you along the main street, one of the longest pedestrian zones in Europe. Recommended duration: 1.5 to 2 hours.

Castle Tour

It towers majestically above the roofs of the Old Town and impresses millions of people year after year – the Heidelberg Castle. With a tour through its courtyard and garden, you can dive in the colorful history of the world-famous structure. A visit to the Great Barrel, the largest wine barrel in the world ever to be filled, is also featured on the program (no inside areas). Recommended duration of 1.5 or 2 hours.

Bus Tours

Get to know the city with a guided tour along the Neckar River to the Heidelberg Castle. During the tour, you can immerse yourself in the history of the world-famous building and its breathtaking story. Alternatively, take a ride on the convertible sightseeing bus with its informative commentary and numerous tips for additional activities in the city.

Segway Tour

A Segway tour through the city provides entirely new perspectives. A guide will accompany you on the route along the Neckar River to the historic Neuenheim district. From here, you will continue in the direction of the zoo and through the Neuenheimer Feld campus with its impressive university and hospital buildings. The highlight is the journey along the Philosophenweg (Philosophers' Walk).

Boat Tours

Taking a boat tour through the narrow Neckar valley, with its hillsides full of vineyards and deciduous forests, is quite an experience. It is also possible to book tours in combination with guided tours through the Old Town or the monastery.

Themed Tours

Varieties of theme tours are available, including a guided tour of the famous University or the traditional Christmas market, or the Philosophers' Walk – to mention but a few. Duration of 2 hours.

Heidelberg Castle Illuminations with Fireworks

Every year the legendary Castle Illuminations capture the imagination of thousands of people – there is hardly another city that can boast such magical nights. Bengali flares slowly bathe Heidelberg Castle in a mysterious red firelight, as if the ruins were on fire once again in their long history. When the glow of the castle slowly dies down, the second part of the spectacle begins – the brilliant fireworks over the Neckar. The banks of the Neckar and the Philosophers' Walk around 10 pm are the best locations from which to watch the Castle Illuminations. www.heidelberg-marketing.com

June 9 – July 28, 2024

Heidelberger Schlossfestspiele (Heidelberg Castle Festival)

Heidelberg's theater and orchestra make the famous castle ruins reverberate with the sounds of music, fun, and dramatic plays alike. The successful musical comedy "Im Weissen Rössl" (The White Horse Inn) and the famous vampire "Dracula" will be played in the Schlosshof (Castle Courtyard). A diverse concert program with tomorrow's masters and the best international soloists ensures a choice of entertainment under the open sky that has yet to find its equal. <https://www.theaterheidelberg.de/en>

End of July – beginning of August, 2024

Metropolink – Festival of Urban Art

The Metropolink Festival is displaying expansive wall paintings by internationally acclaimed practitioners of urban art in the whole city area. Convertible bus tours take visitors to the various decorated houses and facades. Public tours during the festival and tours for groups are available all year. The city turns into a public art space and Heidelberg shows that it has truly earned the title of "UNESCO Creative City". www.metropolink.art

August 24 – 25, 2024

Summer at the river

For two days, a promenade will be created on between the Alte Brücke and Marstall, where people can dance, sing, play or just chill.
